[Upload Resume](#) [Edit](#)

- 1 The user can click this button in order to change/edit any of their profile information
- 2 The user can click this button in order to upload a file for their resume
- 3 When the user clicks this button, the website will take the user to a new page with a list of jobs that are compiled specifically for the user

Job application - No additional info required

The screenshot shows a web interface for 'Dubs Connect' with navigation links for Home, Profile, Jobs, and Connections. A search bar is labeled 'Search for Jobs' with a magnifying glass icon. Below the search bar is a filter section with a 'Filter(s)' dropdown and several filter buttons: 'Matching qualification', 'Location', 'Internship', 'Time/Season', 'Position', 'Salary', and 'OPT/C' with a dropdown arrow. Below the filters are four job listings, each with a 'Position/Company' header, 'Location: Seattle', 'Salary: \$3500/month', and a 'Job Description' section. Each listing has a 'Learn More' button and an 'Apply' button. A 'Learn More' button on the first listing has a right-pointing arrow. Numbered callouts (1-6) are placed over the search bar, the 'Matching qualification' filter, the 'OPT/C' filter, the 'Learn More' button on the first listing, the 'Apply' button on the first listing, and the arrow on the 'Learn More' button on the first listing.

- 1 The user can use a keyboard to enter their company/position of interest in the search box, then press enter or click on the search button to search for jobs.
- 2 The user can click on the filter buttons to filter jobs by different criteria. Clicking on a currently selected filter will remove it.
- 3 The user can click the expand button to get a list of additional filters.
- 4 The user can click the “Learn More” button to learn more about a job position
- 5 The user can click the Apply button to start applying to this job
- 6 The user can click the arrow button to see additional results from their search

Job application - Learn More

The screenshot shows a user interface for a job application. At the top, there is a navigation bar with a logo for 'Dubs Connect' and menu items: Home, Profile, Jobs, and Connections. Below this is a 'Search Results' section with a back arrow. The main content area features a job listing on the left and a list of candidates on the right. Callout 1 points to an 'Apply' button at the bottom of the job listing. Callout 2 points to a refresh button on the candidate list. Callout 3 points to a 'Connect' button on the candidate list. Callout 4 points to the job title 'Position/Company'.

- 1** The user can click the “Apply” button to open the application page.
- 2** The user can click the refresh button to change to another group of people below.
- 3** The user can click the “Connect” button to save other users into their “connections” page for later viewing
- 4** The user can click on the “Search Result” or the arrow to return to the “Job Searching Results” page.

Job application - No additional info required

The screenshot shows a web interface for 'Dubs Connect'. At the top, there is a navigation bar with 'Home', 'Profile', 'Jobs', and 'Connections'. Below this is a 'Search Results' section with a back arrow. The main content area is divided into two columns. The left column features a job listing for 'Position/Company' with details like 'Location: Seattle', 'Salary: \$3500/month', and a 'Job Description' with placeholder text. A 'Learn More' button is at the bottom of this listing. The right column shows a checklist of autofilled sections: 'Basic Information', 'Experiences', 'Skills', and 'Interests'. Below this is a section for optional information, including a 'Cover Letter' with an 'Upload' button. At the bottom of the right column are 'Review application' and 'Submit' buttons. Numbered callouts (1-5) are placed over the interface: 1 is over the 'Upload' button, 2 is over the 'Learn More' button, 3 is over the 'Review application' button, 4 is over the 'Submit' button, and 5 is over the back arrow in the search results header.

1 The user can click the “Upload” button to upload optional materials for their application.

2 The user can click “Learn More” button to get detailed information about the job

3 The user can click the “Review application” button to get a preview of their application materials before submitting them.

4 The user can click the Submit button to submit their job application

5 The user can click the back arrow to return to a list of search results

Job application - Additional info required

The screenshot shows a job application interface for 'Dubs Connect'. At the top, there is a navigation bar with 'Home', 'Profile', 'Jobs', and 'Connections'. Below this is a 'Search Results' section with a back arrow and a callout '3' pointing to it. The main content area is divided into three sections:

- Autofilled sections:** A list of checked items: 'Basic Information', 'Experiences', 'Skills', and 'Interests'. A callout '1' points to the 'Upload' button next to the 'Recommendation' item.
- Optional information:** A section titled 'You can optionally provide the following information for this company' with a plus icon and 'Cover Letter' next to an 'Upload' button. A callout '2' points to the 'Submit' button at the bottom right.
- Job details:** A grey box on the left containing a placeholder for a profile picture, the title 'Position/Company', location 'Seattle', salary '\$3500/month', and a 'Job Description' with placeholder text. A 'Learn More' button is at the bottom of this box. A callout '3' points to the back arrow in the search results section.

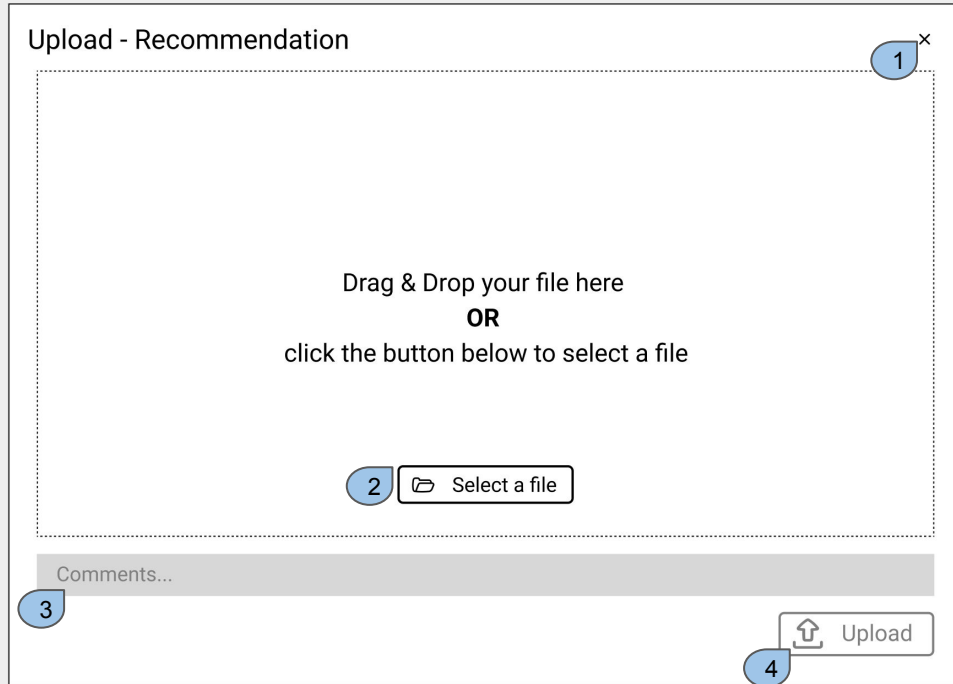

At the bottom of the form, there are two buttons: 'Review application' and 'Submit'.

1 The user can click the “Upload” button to upload additional materials that are required for their application.

2 The user can click the Submit button to submit their job application once they have uploaded the required files. If they have not uploaded the files, an error message is displayed to guide them.

3 The user can click the back arrow to return to a list of search results

File upload pop-up

- 1 The user can click on the close button to close the file upload window without uploading the file.
- 2 The user can either click on the “Select a file” button to trigger the file selection window in their web browser or drag & drop a file directly from their computer into the area enclosed by the dashed line.
- 3 The user can use a keyboard to input additional comments about the file they have selected to upload
- 4 The upload button is grayed out until the user have selected a file. The user can then click the upload button to upload their file and return to the application page.

Missing required file upload pop-up

You need to upload the additional required information to complete this application.

Return to application

1

1

The user can click on the “Return to application” button to dismiss the pop-up error message and return to their job application.

1

The user can click on the “Return to job search” button to dismiss the pop-up message and return to the job search page.

Connections

The screenshot shows the 'Connections' page of the Dubs Connect application. At the top, there is a navigation bar with 'Home', 'Profile', 'Jobs', and 'Connections'. Below the navigation bar is a search bar with the placeholder text 'Search, meet, and network with Dubs' and a search icon. The main content area is titled 'Saved Connections' and displays a list of connection cards. Each card shows a profile picture, a name, and the text 'Latest Conversation'. A callout '1' points to the search bar. Callout '2' points to the profile picture of the first card. Callout '3' points to the 'Expand Profile' button on the first card. Callout '4' points to the 'Expand All' button at the top right of the list. Callout '5' points to the 'Collapse Profile' button on the expanded profile card. Callout '6' points to the 'Message' button at the bottom of the expanded profile card.

1 The user can search for people by typing a name into the search box.

2 The user can click on anywhere of the chat bar except the “Expand Profile” icon to open the Direct Message page with that person.

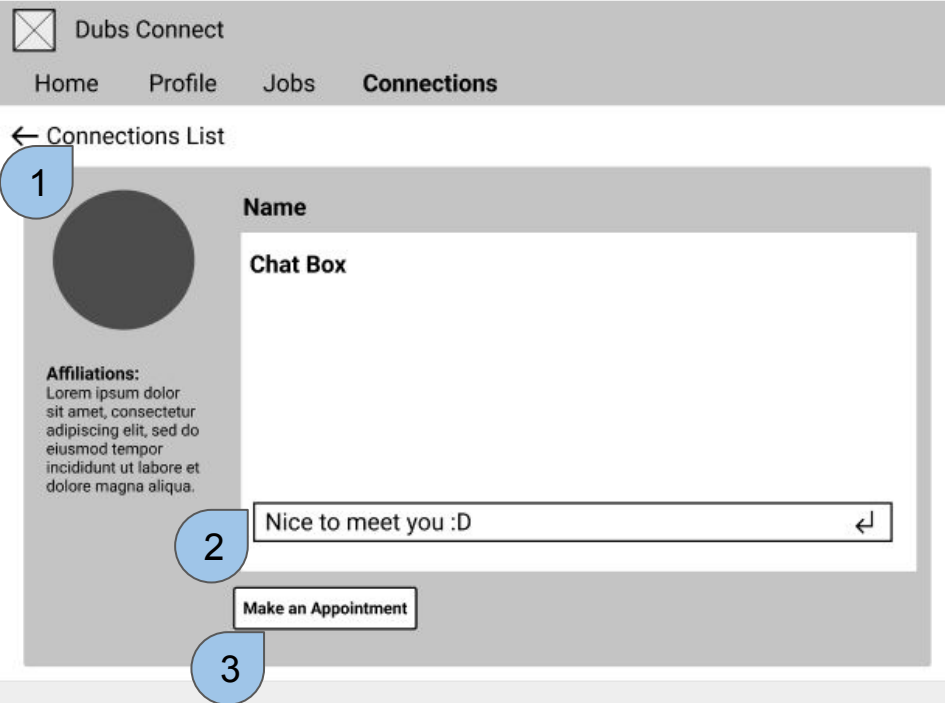

3 The user can click on the “Expand Profile” icon to expand the person’s profile (Expanded version shown below).

4 The user can click on the “Expand All” icon to expand all the profiles. Then the icon will become “Collapse All”.

5 The user can click on the “Collapse Profile” icon to collapse the person’s profile.

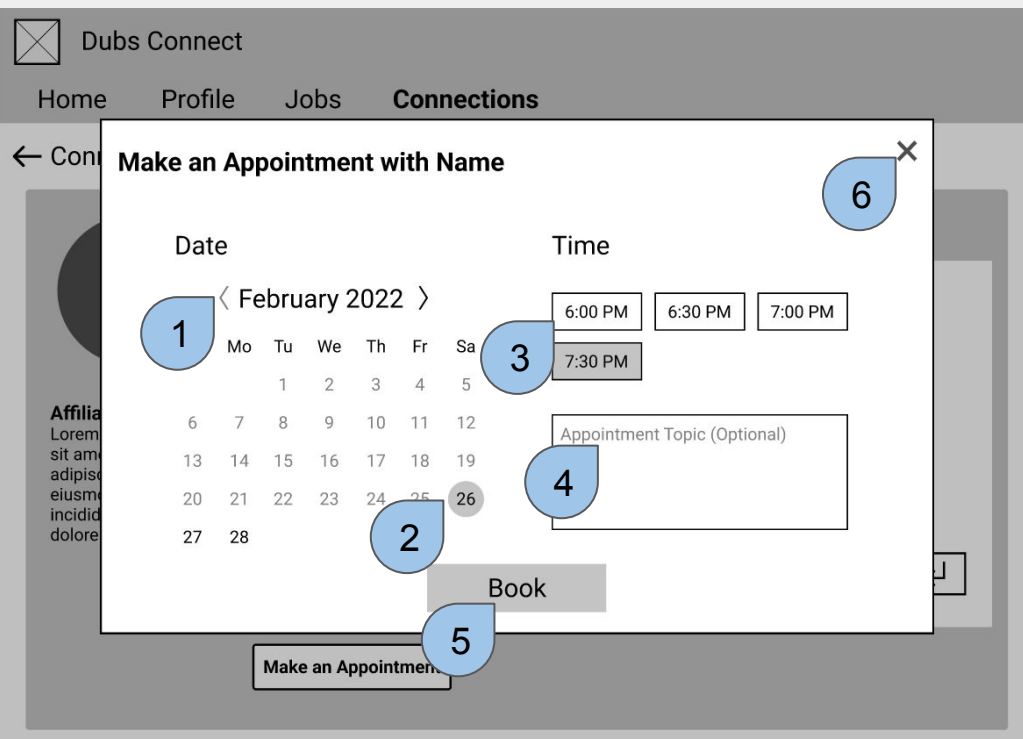

5 The user can click on the “Message” icon to open the Direct Message page when the profile is expanded.

Direct Message

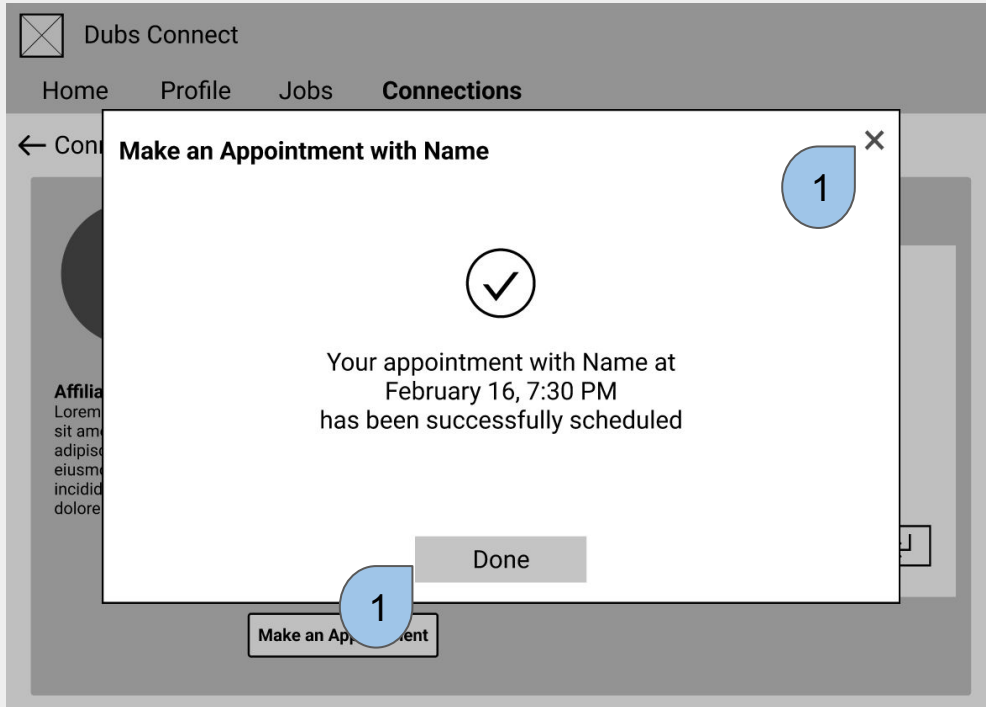

- 1 The user can click on the “Connections List” or the arrow to return to the “Connections” page.
- 2 The user can type in the input box and press enter(or click on the “↵” icon) to send message to the person.
- 3 The user can click on the “Make an Appointment”, then a pop-up window will appear to let the user to make an appointment with the person.

Make an Appointment Pop-up

- 1 The user can click on the arrows on both sides of the “Month & Year” to switch to the calendar of another month. If the arrow is grey, it means that the calendar of that month is not available.
- 2 The user can click on any of the dates to confirm the date of the appointment. If the date is grey, it means that that particular date is not available.
- 3 The user can click on any of the time icons to confirm the time of the appointment. All the shown times are available.
- 4 The user can choose to type in the “Appointment Topic” text box to address anything they want to discuss in the appointment.
- 5 The user can click on the “Book” to confirm the reservation of the appointment.
- 6 The user can click on the “x” to close the pop-up and cancel the reservation.

Make an Appointment Pop-up

- 1 The user can click on the “Done” or “x” icon to complete the reservation and close the pop-up.
